Dear Mr. Bown:

Thank you for submitting your Notice of Intent dated February 1, 2011 to commence operations under the above numbered permit. Your plan of operation is acceptable to trust lands. It is determined that no cultural resources survey is required for the proposed activity upon these lands. You must, however, obtain such permit as may be required by the Division of Oil, Gas & Mining prior to commencing the proposed operations. Also, post such reclamation bond as may be required by that agency.

Please timely and accurately report all gathering and production of the permitted stone from the permit lands, and timely pay all royalties accruing to the Trust Lands Administration in strict accordance with the terms and conditions of the permit. Please contact if you have any questions.

Sincerely,

John T. Blake  
Trust Land Specialist
